

SLU Student Housing in Alnarp

Our accommodation

Alnarp student housing offers approximately 200 different types of accommodation, most of which are in Alnarp. Accommodation includes shared student housing, the Greenhouse hall of residence in Malmö, and a small housing unit on the outskirts of Lomma.

Alnarp is part of Lomma Municipality and there are direct bus connections to Lomma, Lund and Malmö. Lomma, Åkarp and Arlöv are all within cycling distance of Alnarp. Trains run from Lomma to most of south-west Skåne.

We mainly offer shared student housing, where students have a private room and share a kitchen and bathrooms with other residents. The size, standard, and price of these rooms vary. Some accommodation has been reserved by various departments, meaning that certain student groups, visiting research fellows and others are given priority.

Alnarp Campus

Below you will find details about all of the accommodation we offer. Rent varies considerably depending on the type of accommodation, from large shared accommodation and smaller house shares to large and small flats.
