

The below bibliographic information is to be included on your degree/diploma project's front- and title page.

Translation of the Vice-Chancellor's decision 2009-01-26 (Dnr SLU ua 30-139/09)

The choice of language on the front page (cover page) and the title page (page 2) should be the same as in the rest of your degree project.

If there are other universities involved in supervising the project, list all the supervisors and their affiliation. Make clear that *The Swedish University of Agricultural Sciences* is the examining university.

State this information on the front page:

- The Swedish university of Agricultural Sciences logotype
- Title
- Author
- Faculty and/or department (for Alnarp departmental area)
- Year of Publication

The front page should contain this information if applicable:

- Name of the Series (Both in Swedish and English if applicable)
- The number in the Series
- The ISSN-number
- Programme

If not already stated in other information on the front page, include:

- Place of Publishing
- Swedish University of Agricultural Sciences
- Degree Project or Diploma Project

The front page may include:

- Title in different language
- Name of section/division at a department
- The projects' number of HEC

State this information on the title page (page 2):

- Swedish University of Agricultural Sciences
- Faculty, department/division (for Alnarp departmental area)
- Author
- Title in Swedish
- Key words, describing the content
- Supervisor (university, department/division)
- Examiner (university, department/division)
- Course title Example: Master Thesis in Integrated Water Resource Management Degree Project in...
- Course code Example: EX0523
- The project's number of HEC Example: 10 hp, 15 hp, 30 hp, 45 hp, 60 hp
- Type of student project/level
Example: *Grund AB, Grund C, Avancerad D, Avancerad E*
(for degree projects until the academic year 2009/10)
Example: *G1E, G2E, A1E, A2E*
(for degree projects starting with the academic year 2010/11)
- Place of publishing Example: *Alnarp, Skara, Umeå, Uppsala*
- Year of publication

If applicable the title page also could contain information about:

- Title in different language
- Series name
- Volume number
- ISSN
- ISBN
- Programme

Ask your department for information about Series name, Volume number and ISSN. For information about programme, level, course title and type of student project ask your supervisor or search in the data base Ladok (SLUs computerized system for student documentation) or SLUNIK.
