

## CRU Workshop

### Methods in epigenetics and bioinformatics

**Time:** Thursday February 16 - Friday February 17

**Place:** Eklundshov

**Social:** Dinner Thursday evening, Lunch Friday

#### **Program:**

##### Thursday

|               |                          |  |
|---------------|--------------------------|--|
| 13.00 – 13.45 | Epigenetics, an overview | Anders Lindroth                        |
| 14.00 – 14.45 | DNA and RNA sequencing   | Agne Velthut, University of Tartu      |
| 14.45 – 15.15 | Coffee                   |  |
| 15.15 – 16.00 | Platform, Uppsala        | to be confirmed, UU                    |
| 16.15 – 17.00 | Methylation              | Torbjörn Nilsson, University of Örebro |
| 18.30         | Dinner                   |  |

##### Friday

|               |                            |                                     |
|---------------|----------------------------|-------------------------------------|
| 9.00 – 9.45   | Gene array, bioinformatics | to be confirmed, UU                 |
| 10.00 – 10.45 | Small RNA (mi RNA),        | to be confirmed, UU                 |
| 10.45 – 11.15 | Coffee                     |                                     |
| 11.30 – 12.15 | Histone modifications      | Örjan Wrangé Karolinska Institutet  |
| 12.30 – 13.15 | Proteomics                 | Jonas Bergquist, Uppsala university |
| LUNCH         |                            |                                     |
| 14.30 – 15.00 | Participants presentation  |                                     |
