

Focus on Soils and Water Research School**Thesis summary writing workshop**

Sep 25th, 09:00-15:30, 2026, Campus Ultuna, Room Lennart Kennes and Zoom

Welcome to this year's Thesis Summary Writing Workshop for all PhD students at SLU! The aim of the workshop is to give insights, inspiration and useful tools for writing a thesis. Some of the topics covered are the use of AI in thesis writing, legal aspects of copyright and plagiarism, efficient use of the thesis template, and discussions of "best practices" for writing a thesis. Below are a few comments from earlier participants:

"Nice to get so many different perspectives about kappa writing"

"It was so good and helpful. Now I know I can start drafting my thesis. The earlier the better"

"It was really really helpful, I liked this workshop very much. Thank you!"

"I was inspired and learned a lot! The balance of speakers and different views coming in was really good. "

The workshop is jointly organized by the NJ-faculty research schools Focus on Soils and Water, Ecology – basics and applications, Organism Biology, Society and Landscape, and Sustainable Systems for Food, Energy and Biomaterials.

Application and information

Register on the 7th of September at the latest via <https://docs.google.com/spreadsheets/d/1baEoo08B3FVtcke1e-pxZ-MG1Sggh9SYWpj2ASrnuao/edit?gid=0#gid=0>. Fika and fruit will be provided for participants attending in person. More information can be found on the research school's homepage.

For further questions, please contact the workshop organizer:
