

## **Visualize your Science – Date and times for joint sessions**

The course Visualize your Science normally represents a mix of online modules and face-to-face feedback sessions, All joint sessions will be on-line sessions but two sessions will also be run face-to-face at campus

You will get access to all course material on the 28th of February. You also get the first assignment that should be finished by the first online meeting.

- Joint on-line session 1: Feedback on first assignment (about 1.5 h):

Will be offered several times each day from March 13h to March 15th

- Joint on-line session 2: Feedback on graphical abstract (about 1.5 h):

Will be offered several times each day during week 13 (March 27th to March 31st)

This session will also be offered face-to-face at campus on 29th of March if you prefer to meet in person

- Joint on-line session 3: Feedback on poster-in-progress (about 1.5 h):

Will be offered several times each day during week 16 (April 17th to April 21st)

- Joint on-line session 4: Poster presentation and exam:

Will be offered several times each day during week 19 (May 8th to May 12th)

This session will also run as a conference on campus on 11th of May from 9.00-16.00. In the conference you will print and present your poster to fellow course participants in Sweden. There will also be invited speakers with experience in visual communication and information design.

In addition to these mandatory sessions there will also be three optional drawing workshops online:

Workshop 1: March 22nd 10.00-12.00

Workshop 2: April 12th 10.00-12.00

Workshop 3: May 3rd 10.00-12.00
