Heading for the idea sketch:
SLU Grogrund's vision *Plant breeding contributes significantly to growing, sustainable and profitable food production in Sweden.* Describe how the project contributes to SLU Grogrund's vision (max. 600 characters).

Vision and goal description for your project. What do you want the project to lead to (max. 500 characters)?
What activities are needed to achieve your vision (max. 2000 characters)?

Which actors are planned to participate in the project and what resources are assessed to be able to be added in addition to SLU Grogrund's funding (max. 1000 characters)?
Who does what (industry/ growers/ primary producer/ SLU Grogrund/ research) (max 1500 characters)?

How are students involved (max 500 characters)?
What new methods should be used (max 500 characters)?
How should the results be commercialized/ what complementary projects need to be applied for (max 1000 characters)?

Send the completed idea sketch to SLUGrogrund@slu.se with a copy to SLU Grogrund's program manager. Read the information carefully on the Idea sketches and prioritization of projects page before submitting the idea sketch.
