

A warm welcome to four online workshops on planned research at SLU's livestock research infrastructures

Monday 14th of September - Poultry

Thursday 24th of September - Dairy cattle

Monday 12th of October - Beef cattle and small ruminants

Tuesday 20th of October - Pigs

All workshops will be online via **Zoom** at **13:30-15:30**

The first part of the workshops, to which **everyone** who is interested is welcome, will be about **research projects** the year ahead at VH's livestock research infrastructures; the Swedish Livestock Research Centre, Lövsta, Rönneby's Dairy Research Facility and Götala Beef and Lamb Research Centre.

The second part of the workshops, to which the target group is mainly **SLU employees, but also external users are welcome**, will include future development plans for the infrastructure and discussions on present and future needs for researchers and other users.

A detailed schedule for each workshop will be available at the end of August.

*If you know somebody who might be interested in research at our livestock research infrastructures.
Please forward this invitation to them.*

Preliminary schedule for all workshops

First part

13:30 Welcome and introduction

(Johan Dicksved, vice dean for infrastructures at VH faculty)
