

VY009 VETERINÄRPROGRAMMET

Höst 2025Vår 2026

The diagram illustrates a timeline with four distinct periods, labeled PERIOD 1 through PERIOD 4. Each period is represented by a horizontal segment. Within each period, there are two nodes: node A is positioned at the beginning of the period, and node B is positioned at the end of the period. The periods are separated by vertical lines, and each period's duration is indicated by a horizontal line segment.
