

Summer Preparatory Programme

Congratulations on being admitted as a student to Swedish University of Agricultural Sciences (SLU)!

It is a great achievement to have gained a place at a world-class university in the fields of life and environmental sciences.

Your preparations for joining SLU will now be well under way, but we know that many international students can be concerned about how they will cope learning in a new study environment and being taught in English. To help you to become comfortable living and learning in Sweden and to improve your Academic English language skills, ONCAMPUS Lund Sweden has developed a summer programme specifically designed to support you in preparing for the demands of study at degree level.

The Summer Preparatory Programme is not conditional on you joining your chosen degree – you have already successfully secured admission to this world renowned institution - but it is an optional extra to give you some additional support before your programme starts.

It is delivered by ONCAMPUS Lund Sweden, part of Cambridge Education Group, a partner of Swedish University of Agricultural Sciences.

New Greenhouse accommodation

Key facts about the programme

Hours of study:

Receive at least four hours of classroom contact a day, with an expected two hours of independent study a day to consolidate your classroom learning

Teachers:

Taught by teachers experienced in supporting international students in developing their Academic English language skills

Assessment:

Designed so you experience a range of teaching and learning methods used in postgraduate programmes. These include writing essays, critical review papers and developing peer review skills

Dates:

02 August - 18 August 2022. You will be able to join the arrival and introduction activities with SLU during the programme

Tuition fee:

€1,300

Where will I live?

For the Summer Preparatory Programme all students will live together in the New Greenhouse. This will enable you to make friends and develop a support network across different study programmes

New Greenhouse

- Located in Råby, an idyllic, village-like district of Lund
- Lund city center is less than 15 minutes away by bicycle
- Newly renovated rooms with spectacular views over the Scanian landscape
- Services on-site include comfortable lounge, gym with sauna, eco-friendly kitchens, laundry and bike store
- 750 meters from Råbytorp farmers' shop, and just a 5 minute bicycle ride to a major grocery store
- Free high-speed Wi-Fi is available throughout the house
- Accommodation fee is €150 per week

Why study the Summer Preparatory Programme?

This summer preparatory programme gives you the opportunity to practise your academic English and develop skills to help you succeed in the Swedish academic system and to feel more comfortable when you start your studies.

| Familiarisation with Swedish academic culture | ✓ |
| Developing skills and strategies that enable students to succeed in the Swedish higher education system | ✓ |
| To further develop language awareness and the ability to use academic English appropriately and effectively in speech and writing | ✓ |

How to apply?

If you would like to join the Summer Preparatory Programme you will need to:

1. Complete the enclosed application form and send it to admissions@oncampus.global along with the documentation requested by 22nd July 2022.
2. Pay the Summer Preparatory Programme fee directly to **ONCAMPUS** Lund Sweden and make your first tuition fee payment to SLU when you receive your invoice.
3. If you require a Residence Permit apply to the Swedish Migration Agency as soon as possible, making sure you ask for a permit starting 2 August 2022. You will be sent details of how to do this in your pack when you apply for the programme.
4. Book your accommodation through **ONCAMPUS** Lund Sweden.

Topan Rahmatul Iman, a student who took the Summer Preparatory Programme.

"The thing that I like during this course is my tutors' feedback. It helps me a lot to improve my learning, self-confidence and enthusiasm for learning. Also, I have very supportive peers that create a good environment to my study. By having them, it gives me an opportunity to speak English every day. As a result, it has a real impact on my English proficiency."
