

How can we improve our cooperation and strengthen our identity within SLU Landscape?

Group discussions:

1. In mixed groups (four):

Brainstorm together and come up with ideas. Agree on the 2-3 most important things.

Summarized in first column below.

2. Choose one area you would like to concretize. Discuss in groups (three):

- *What could the first step be?*
- *What do we want to send as a recommendation to the steering group?*
- *How could you yourselves contribute?*

Write down shortly two or three things that you find crucial

Summarized in second column below.
