

# SLU LANDSCAPE DAY [online event]

13<sup>th</sup> of October 2021

Location: Zoom

This year we celebrate the 50th anniversary of the Landscape architecture programme at SLU and this will be acknowledged through different jubilee activities. One of these jubilee activities is a series of round table discussions which are scheduled to be held on four occasions throughout the months of October and November. The first one will take place during the SLU Landscape day. Theme: **How has landscape architecture design been taught during these 50 years?** Invited speakers are SLU employees and former SLU employees: *Andrea Kahn, Pär Pinge Gustafsson, Carola Wingren, Tomas Eriksson* and *Arne Nordius*. Moderator: *Emily Wade*.

# Workshop descriptions

## Workshop 1: Design Research within SLU Landscape

**Zoom link:** <https://slu-se.zoom.us/j/66272707549>

**Passcode:** 271160

**Description:** In this follow-up workshop, we continue our discussions on Design Research at SLU, this time with the purpose of outlining a framework for a “Design Forum” supporting design research exchange. What activities within such a forum can strengthen design research at SLU, and support students/teachers/researchers in landscape architecture to engage in design research? We take our point of departure in the “Best Practice-application” made last spring, and we seek to channel the outcomes from both workshops into a publication, further unpacking landscape design research.

**Organized by:** Gunilla Lindholm (LAPF) and Victoria Sjöstedt (LAPF)

**Language:** English

## Workshop 2: A tempting shared video bank for teaching and teachers

**Zoom link:** <https://slu-se.zoom.us/j/65713285657>

**Passcode:** 990440

**Description:** In the on-going CFI-project “*Videobank SLU Landscape Play*” we try to develop a user-friendly Canvas-application to inspire SLU teachers to share their videos with each other. To share videos means to save time and money, not only a great opportunity to visualize what happens at one campus for people at other campuses without travelling. Excursions and field trips are two examples where teachers at Alnarp and Ultuna already share film material. This workshop focuses on ideas on what can be done to store, collect, and use videos produced by teachers at SLU to be used professionally in teaching and research over time.

**Organized by:** Petter Åkerblom (SOL) and Anders Rasmusson (Tankesmedjan Movium)

**Language:** Svenska (Swedish)

## Workshop 3: Timskisser – ett pedagogiskt verktyg

**Zoom link:** <https://slu-se.zoom.us/j/68583294283>

**Passcode:** timskiss

**Description:** Syftet med workshopen är att dela erfarenheter av att arbeta med timskisser i undervisningen. Timskissen som metod används i många studioskurser. De utformas på olika sätt och med olika syften. I workshopen ska deltagarna presentera sina olika typer av timskisser för att vi tillsammans ska utveckla pedagogiken med korta övningar. Det är naturligtvis också möjligt att delta utan att presentera men för att få tillfälle att diskutera timskisser.

**Organized by:** Ulla Myhr (SOL) och Bodil Dahlman (SOL).

**Language:** Svenska (Swedish)

## Workshop 4: Landskapsarkitekterna och omvärlden – Vilka är vi? Vad kan vi? Hur kan vi bli bättre? Kartläggning av landskapsarkitekternas kompetens

**Zoom link:** <https://slu-se.zoom.us/j/63061334429>

**Passcode:** 256379

**Description:** Utbildningen är under ständig förändring och bör både anpassas och utveckla professionen. Vi har genomfört en enkät till yrkesverksamma landskapsarkitekter samt analyserat kursplaner. Vi vill i dialog med er diskutera svaren i enkäten samt analyserna i kursplanerna för att hitta ytterligare ingångar till vad vi behöver och bör förändra i landskapsarkitektprogrammet.

**Organized by:** Kartläggningsgruppen; Jitka Svensson (LAPF), Maria Kylin (LAPF), Anna Bengtson (IMS), Emely Wade (LAPF) och Karin Serin (LAPF).

**Language:** Svenska (Swedish)

## Workshop 5: Chávez Ravine”, Documentary Movie with roundtable discussion

**Zoom link:** <https://us02web.zoom.us/j/85952045675>

**Passcode:** sRc00e

**Description:** We plan to watch a movie called “Chávez Ravine: A Los Angeles Story”, by Jordan Mechner 2004 (26 minutes). A documentary about the politics and economics of land in the United States, based on the story of a Mexican American village destroyed in the 1950s to build Dodger Stadium. The filmmaker explores what happened through interviewing both the official who were involved in the process deconstruction of the community and the former residents of Chávez Ravine. Afterwards, we open a roundtable discussion about the movie and related topics to landscape.

**Organized by:** PhD Forum, through Sued Ferreira da Silva (SOL), Azadeh Shahrads (LAPF), Frederik Aagaard Hagemann (LAPF).

**Language:** English
