

## **LARK 50<sup>th</sup> anniversary meeting**

**Date and time:** April 27<sup>th</sup> 2021, 16.00-17.00

**Attending:** Caroline Dahl (chair), Ingrid Sarlöv Herlin (vice chair), Caroline Hägerhäll, Lars Johansson, Karl Lövré, Tiina Sarap, Matilda Alfengård

**Not able to attend:** Nina Vogel, Bruno Santesson

**Place:** Zoom meeting

**Minutes taken by:** Matilda Alfengård

**Goal:** Discussion and decision regarding the LARK-programme 50<sup>th</sup> anniversary/Jubilee actions

### **The celebration**

A discussion took place regarding how and when the celebration should be held. There is a longing to meet and socialize; with a proper celebration. It was further discussed about the possibility to have a physical celebration in connection to the faculty's education day on November, 17. Followed by a discussion about two campus events since both environments (Alnarp and Ultuna) are part of the celebration. A decision was made to move the celebration to April 2022, due to the combination of the discussions as well as the extended covid restrictions.

### **Suggestions:**

- A minor celebration on November, 16 – Celebrations during the afternoon and dinner in the evening

- Topic on the faculty's education day November, 17.

- Two campus events April 2022 – Weekend activity? Open invitation, participation fee?

Planning group: Re-use the planning group for the SLU Landscape days. Open up to complement the planning group (Keep gender distribution in mind, today the group consists only of women). MA contacts the planning group.

### **Films - documentation of the creation of the LARK programme**

Tiina is preparing the script. Who of us can be the interviewer? Uppsala; Lars Johansson. Alnarp; Could be Tiina. Support: Anders Rasmusson (Movium), Johan von Feilitzen (AV department in Uppsala). Who (interviewee): Görel Oskarsson, P-O Sporrang, Pär Söderblom, Eivor Bucht, Gunnar Eriksson, Mårten Carlsson (former principal), Pingé (Pingé drawing?). Will be posted on the SLU:L webpage. Dedicate resources: to subtitle these films.

### **Round table**

There can be several variants. Round table with Programme study directors, Landscape Architecture Academy. Invite honorary doctors; Gil Penalosa, Richard Styles, Catherine Ward Thompson, Ann Whiston Spirn – their view on the landscape architects role. MA and Tiina will work with these suggestions.

### **Digital product – data about the LARK education**

Tiina informed about an educational summary that Thorbjörn Andersson has written, and the investigation that Maria Kylin (with others) are conducting, this followed by a discussion whether this digital product should be made or not. This data can be seen as important and as a complement for those who are not attracted to the films. The digital product does not have to be very comprehensive. It was mentioned to involve Hanne Nilsson for graphical support (film?). The digital product should be completed until the faculty's education day.

### **Communication**

Contact Catherine Kihlström, and develop a strategy with her support ). KL will discuss this at the

meeting with the communications department – and to inform what we are planning.

Tiina: Use the article in Arkitekten not only for informing about the anniversary but also to illustrate the threat against LARK, which can spark engagement from the industry.  
The article in Arkitekten will be written in May, and published in August.

CD will get in touch with SLU Alumn.

**Meeting closed!**
