- SOL, LJ – job ad posted for follow-up Thomas Oles, Vera Vicenzotti is stand-in
- IMS, MG – return to campus is slower, not the same need to be at campus, master students work at distance, work environment studies difficult without having people around
- UF, LD – UF plans campus event on Food & Cities 14 June at Ultuna, and campus event Living Labs in October in Alnarp, runs webinars with other Future Platforms on Climate and on Forests
- Movium, CD – collaborates with UF to coordinate SLU's 'urban powerhouse', preps conference Stadsrum with Helsingborg Lund Malmö 'Lekful Stad', received 5 strong applications to MP
- Arkitekturakademien, LJ – preps Stadsbyggnad event in Helsingborg in June
- IFLA 2023, MG – meeting with lots of people and little coordination, not used to research conferences, budget and tech in early stages; ISH wonders if seed money can come from Movium or UF, if theme course 2023 can be connected to conference? Ylva Hillbur wants support from LTV faculty
