GCUA 2030
- Global Challenges University Alliance
The overall goal of GCUA 2030 is to enhance the capacity of its partners to contribute to Agenda 2030 and the Sustainable Development Goals (SDGs) through international collaboration.

A key objective is to equip the next generation of researchers, teachers and academic leaders with knowledge, tools and networks that will strengthen their capacity to work across disciplines and to conduct translational research.

Activities
The network offers different types of learning activities designed to accommodate and be attractive to students from different educational systems.

GCUA 2030 is a network of university partners from across the globe with a common vision of contributing to sustainable, global development.
Member universities:

Beijing Forestry University (China)
Lincoln University (New Zealand)
Makerere University (Uganda)
Michigan State University (USA)
National University of Ireland Galway (Ireland)
Nelson Mandela University (South Africa)
Pennsylvania State University (USA)
Scotland’s Rural College (Scotland)
Swedish University of Agricultural Sciences (Sweden)
University of Chile (Chile)
University of Hong Kong (Hong Kong)
University of Natural Resources and Life Sciences (Austria)
University of Rwanda (Rwanda)
University of Tennessee (USA)
Örebro University (Sweden)

Become a member of GCUA 2030?

Please send an application considering the following assessment criteria to the GCUA 2030 coordinator. An application will be discussed and decided upon at the General Assembly.

Partner universities should:
- Offer education at undergraduate, graduate and doctoral levels
- Have an interest in developing international networks for PhD students.
- Describe what will be the contribution to GCUA 2030 (e.g. type of activities etc.)
- Describe how the university works with the implementation of the UN SDGs and how this will have an impact on work within GCUA 2030.
