	s on Contraction of the second s	Carbon cycling:
	Swedish University of Agricultural Sciences	from molecular to global processes Literature discussion group meetings SLU Uppsala (30 September to 28 October 2022)
30 Sept	13:00 - 15:00	<u>Chemical composition of organic matter and how it is</u> <u>formed</u>
7 Oct	13:00 - 15:00	Organic matter in soil and water
14 Oct	13:00 - 15:00	Enzymatic biochemistry and organic matter decomposition
21 Oct	13:00 - 15:00	Regulation of organic matter dynamics in ecosystems
28 Oct	13:00 - 15:00	Large scale carbon fluxes

from molecular to global processes
