

CURRICULUM VITAE

Madeleine Granvik

Doctor of Philosophy 2005

Assistant Professor 2008

Researcher 2013

Theme leader 2014

Associate Professor 2016

Academic achievements:

University education

- 1991-1995 Graduate studies, Master of Science in Human Geography, Uppsala University. Graduate thesis: "Students' attitudes to environmental issues – a comparison of four disciplines: economy, engineering, agronomy, and psychology in three countries: Poland, Sweden and USA".
- 2001-2005 Postgraduate studies, PhD in Landscape planning, department of Landscape planning, SLU. Doctoral Thesis: "Implementation of the Habitat-agenda in local communities - Late modern living conditions and residents' interest, time for and real action in citizen participation, in a Swedish and Russian context".
- 2010 Pedagogical course, SLU
- 2011 Course in tutoring Ph.D students (pedagogical course for Associate Professors), SLU
- 2014 Project course, SLU
- 2016 Associate Professor (docent) in Landscape planning

Positions and research projects

- 1997 - 1998 Researcher, The Baltic University Programme, Uppsala University, *Implementation of Agenda 21 utopia or reality - Conditions on implementing Local Agenda 21 with focus on public participation in the Russian part of the Barents Euro-Arctic Region.*
- 1999 Guest Researcher, Department of Political Science and Sociology, Petrozavodsk State University, Russia. *Implementation of Agenda 21 utopia or reality - Conditions on implementing Local Agenda 21 with focus on public participation in the Russian part of the Barents Euro-Arctic Region. Swedish Institute grants.*
- 2000-2001 Research assistant, Department of Landscape planning, SLU, *Sustainability Resources and Social Acceptance in Four Townscape Neighbourhoods in Three Urban Scales – case studies in Sweden. Formas grants.*
- 2001-2005 PhD-student, Department of Landscape planning, SLU, *Formas grants.*
- 2004-2005 Research, Department of Rural Development, Tema Landsbygd, SLU, *The role of schools in villages and local development – a village- and municipal economical analysis of schools in villages. Glesbygdsverket grants.*
- 2004-2005 Research, Department of Rural Development, Tema Landsbygd, SLU, *From part time unemployment to full time support in sparsely populated areas. EU grants.*
- 2004-2005 Research, Department of Rural Development, Tema Landsbygd, SLU, *Fundamental rights for rural women in Europe. EU grants.*
- 2006-2007 Researcher, Department of Urban and Rural Development, SLU, responsible for the research part in Petrozavodsk, Russia, project: *The local Community as an Arena for Sustainability in Townscapes in a Baltic Sea perspective.* Studies of two townscape types in eight cities/towns. *Formas grants.*
- 2007 Guest Researcher, Centre for Baltic Sea Region Studies, University of Copenhagen. Jan. – June.
- 2008-2013 Assistant Professor, Department of Urban and Rural Development, SLU. Research topics/projects developed within this time period (major part still ongoing):
- Urban-rural interactions in a localisation perspective in a Swedish spatial planning context.
 - The localisation of food systems in Swedish municipal authorities.
 - Preservation of agricultural land in the context of spatial planning.

- The role of rural areas in Swedish comprehensive planning. Grants from The Swedish Board of Agriculture.
 - Comprehensive plans and agricultural land - a text analytical study. Grants from The Swedish Board of Agriculture.
 - Local food means what? Definitions and different concepts of “Local food”. Grants from The Swedish Ministry of Rural Affairs.
 - The role of agricultural support – Pillar II of the CAP - for a sustainable rural development. EUfp6 grants.
 - SLU’s strategic initiative - Future Research Programme: Future Urban Sustainable Environment (FUSE). Participating as a researcher in the programme.
 - Functional density – A critical study on densification as a sustainability strategy in ordinary local Swedish urban townscape areas, FORMAS grants.
 - Ongoing assessment of densification of urban and peri-urban city types, FOMA grants, SLU.
 - Resilient Citylands – blue-green infrastructure, Swedish Institute grants.
- 2009-2012 Responsible for the process to work for, and develop research strategies for the unit of Landscape Architecture, Department of Urban and Rural Development, SLU.
- 2011-ongoing Editor-in-chief, Nordic Journal of Architectural Research.
- 2012 SLU’s strategic initiative - Future Research Programme: Future Urban Sustainable Environment (FUSE); Participating in a working group developing a strategy for future work within the programme.
- 2013-ongoing Co-project manager, FUSE.
- 2013-ongoing Researcher, Department of Urban and Rural Development, SLU.
- 2014-ongoing Theme leader research “Systems landscapes – from region to urban districts”, FUSE.
- 2014-2015 COST Action Urban Agriculture, member, and host for Sonia Callau Univ. of Catalonia. Co-operation conducting empirical study on spatial planning and local food systems. MOVIUM grants.
- 2014-2015 Systems analytical planning tool for sustainable urban development, VINNOVA grants.
- 2015-2016 Planning for sustainable habitation and lifestyles, case Smaragden, Uppsala, VINNOVA grants.
- 2015-spring Swedish municipalities work with the values of agricultural land. Grants from The Swedish Board of Agriculture.
- 2016-2018 Systems landscapes: a critical systems approach to urban sustainability. FORMAS grants.
- 2014-2019 Co-operation with Parthenope Univ. Pier Paolo Franzese, Memorandum of Understanding.
- 2016-ongoing Local Circular Economy for Agricultural Produce - Driving force for Sustainable Community Development, VINNOVA grants
- 2016 -ongoing Strategic work for 2017-2020, Baltic University Programme, Uppsala University.
- 2016-ongoing Expert in local food systems and urban and rural interactions, Södertälje municipality.
- 2016 -ongoing Associate Professor in Landscape planning, SLU.
- 2017 -ongoing Director for the Baltic University Programme, Uppsala University, Uppsala Centre for Sustainable Development.

Research & study visit abroad

- 2010 Aardhi University, Dar es Salaam, Tanzania, 1 week.
- 2007 Guest Researcher, Centre for Baltic Sea Region Studies, University of Copenhagen. 6 months.
- 2003 PhD empirical studies, Department of Political Science and Sociology, Petrozavodsk State University, 1 month.
- 2003 Empirical studies: Jelgava and Livani in Latvia 1 week; Gdansk and Sopot in Poland 4 days.
- 2002 PhD empirical studies, Department of Political Science and Sociology, Petrozavodsk State University, 1 month.
- 1999 Guest Researcher stipendia SI, Department of Political Science and Sociology, Petrozavodsk State University, Russia, 4 months.

Course development and/or teaching

- 1995 Department of Human Geography at Uppsala University, “Environment and Nature Resources in spatial planning”, 5 credits.

- 1996-1998 Centre on Environmental and Development Studies at Uppsala University, “A Sustainable Baltic Region”, 5 credits.
- 1998-2001 Centre on Environmental and Development Studies at Uppsala University, “Agenda 21 with focus on public participation”, 10 credits.
- 1998-2002 Centre on Environmental and Development Studies at Uppsala University, “An introduction course to sustainable development”, 5 credits.
- 2003 Department of Urban and Rural Development, SLU, “Modern theories of society – Habermas, Giddens, Bourdieu and Foucault”, 3 credits.
- 2005-2007 Department of Urban and Rural Development, SLU, “Landscape planning”, 5 credits.
- 2006 Department of Urban and Rural Development, SLU, “Comprehensive planning”, 5 credits.
- 2007-2008 Mentors assistant, The Baltic University Programme’s Master course “Sustainable community development.”
- 2007-2008 Department of Urban and Rural Development, SLU, ”Public space and planning of cities”, 7 credits.
- 2008-2009 Department of Urban and Rural Development, SLU, “Environmental impact assessment, planning and environmental communication”, 10 credits.
- 2010-2012 Centre on Environmental and Development Studies at Uppsala University, “Global challenges and Sustainable Futures”, 7,5 credits.
- 2011-ong. Department of Urban and Rural Development, SLU, “The city's history and future - structure and planning” 7,5 credits, Department of Urban and Rural Development, SLU.
- 2011-2013 Department of Urban Planning and Environment, KTH (Royal Institute of Technology). “Planning for Resilience”, 7,5 credits.
- 2012-ong. Department of Urban and Rural Development, SLU, unit of landscape architecture, course leader “Independent work in Landscape planning/landscape architecture”, 30 credits.
- 2013-ong. Department of Urban and Rural Development, SLU, unit of landscape architecture, “Planning and planning processes”, lecture.
- 2014-ong. Department of Urban and Rural Development, SLU, unit of landscape architecture, Candidate course.

Supervision experience

- 1998-2017 Supervised totally 58 thesis (Candidate thesis, Master thesis, Thesis within specific courses), at The Centre on Environmental and Development Studies at Uppsala University; The Department of Urban and Rural Development, SLU (Landscape Architecture Program, Rural dev.); The department of Landscape Architecture, Planning and Management, SLU; The Dep. of Human Geography, Uppsala Univ., and at Dep. of Geo Science, Uppsala univ. (Master progr. Sustainable Development).
- 2007- 2012 Mentor to PhD student Anna Klepczynska, Department of Public Health Sciences, Karolinska Institutet.
- 2010- 2014 Co-supervisor of PhD student Daniel Msangi, Ardhi University, Dar es Salaam, Tanzania. Thesis: *Land Acquisition for Urban Expansion: Process and Impacts on Livelihoods of Peri Urban Households, Dar es Salaam, Tanzania.*
- 2014-2015 Co-supervisor of PhD student Kerstin Nordin, SLU, dep. of Urban and Rural dev.
- 2015-2016 Co-supervisor of PhD student Natasha Nikodinoska University of Parthenope, Italy.
- 2017 Main supervisor PhD student Eiman Elvidaa, SLU, dep. of Urban and Rural dev.

Examiner

- 2003-2008 Examiner, The course *A Sustainable Baltic Region*, Centrum för miljö- och utvecklingsstudier, Uppsala University.
- 2003 Critics, 7 thesis, the course Human Settlement and Housing, KTH (Royal Institute of Technology).
- 2005-2007 Examiner, The course *Landscape planning*, The Department of Urban and Rural Development, SLU
- 2011 Examiner, 8 Landscape architect candidate thesis.
- 2011 Examiner, Master Thesis, Programme Sustainable Development, Uppsala University.
- 2011 Examiner, The course *Global challenges and Sustainable Futures*, Centre on Environmental and Development Studies at Uppsala University.
- 2011-ong. Examiner, The course *Independent work in Landscape planning/landscape architecture*, SLU.
- 2011-ong. Examiner, The course *The history and future of cities - structure and planning*, SLU.

Reviewer

- 2004 Opponent, half time seminar Ph.D Thesis, Olavi Hiimäe, *Monitoring agricultural landscape and scenario studies for abandoned farmland in Estonia*. SLU.
- 2009-2011 Reviewer for the journal *European Journal of Spatial Development*.
- 2011-ong. Reviewer for the journal *Nordic Journal of Architectural Research*.
- 2011 Book review for the journal *Nordisk Østforum*, book Homeowners' Associations in Russia after the 2005 Housing Reform, author Roosa Vihavainen.
- 2011 Book review for the journal *Baltic Worlds*, book Homeowners' Associations in Russia after the 2005 Housing Reform, author Roosa Vihavainen.
- 2011 Reviewer for the Research Council of Norway. Reviewer of 18 grant applications.
- 2012 Reviewer for the Research Council of Norway. Reviewer of 13 grant applications.
- 2012 Member of the examining committee of Ingrid Nordmarks Licentiate degree, *Optimisation and Integration in Local Food Distribution*. SLU.
- 2013 Reviewer for the *Journal of Cleaner Production*.
- 2014-2016 Reviewer for the journal *Land Use Policy*.
- 2015 Reviewer for the *International Journal of Agricultural Resources, Governance and Ecology*.
- 2015-ong. Reviewer for the *Universal Journal of Agricultural Research*.
- 2015 Reviewer for the COST Association EU. Open call 2015.
- 2016 Reviewer for the journal *Sociologi* and *Land Use Policy*.
- 2017 Opponent, Licentiate degree Jacob von Oelrich, *Shorelines of adaptation and fields of innovation Emerging sustainability transformations in sea-level rise planning and the food system*, KTH
- 2017 Reviewer for the journal *European Countryside, Agricultural and Food Systems* and *Norwegian Journal of Geography*.
- 2017 Reviewer for Östersjöstiftelsen, grant applications.

Publications

Doctoral Thesis

Granvik, M. (2005). *Implementation of the Habitat-agenda in local communities - Late modern living conditions and residents' interest, time for and real action in citizen participation, in a Swedish and Russian context*. Dept. of Landscape Planning Ultuna, Swedish Univ. of Agricultural Sciences, Acta Universitatis Agriculturae Sueciae 2005:108.
