

# Curriculum Vitae

## Linda Groot Nibbelink

### Personal data

---

<b>Address</b>	Spolegatan 24, 222 19 Lund, Sweden
<b>Nationality</b>	Netherlands
<b>Birth date</b>	20 March 1993
<b>Phone number</b>	+31 651238605
<b>E-mail</b>	linda.grootnibbelink@gmail.com
<b>Driving license</b>	B

### Education

---

2018 – 2022	<b>Double Degree European Master in Organic Agriculture (EUR-Organic)</b>
2018-2020	<b>BOKU   Vienna, Austria</b> MSc. Organic Agricultural Systems & Agroecology
2020-2022	<b>University of Hohenheim   Stuttgart, Germany</b> MSc. Organic Agriculture & Food Systems Specialisation: Plant breeding, data analysis Thesis in collaboration with Africa Rice Center and supported by ATSAF's Junior Scientist Program on «Genotype x Environment Interactions Affecting Simulation of Rice Phenology»
09/2017 – 12/2017	<b>Aeres Warmonderhof   Dronten, Netherlands</b> Biodynamic farming school
2013 – 2017	<b>Wageningen University &amp; Research   Wageningen, Netherlands</b> BSc. International Land and Water Management Minor: Plant Sciences
07/2015	Summer school at Hebrew University of Rehovoth, Israel, on irrigation with desalinated and reclaimed waste water in the Middle East

### Internships

---

05/2022 – 11/2022	<b>Getreidezüchtung Peter Kunz (GZPK)   Zürich, Switzerland</b> During this internship I gained hands-on experience and insight into the practice of organic plant breeding over a complete growing season. Work tasks included managing experimental fields, harvesting, post-harvest processing, collecting field and harvest data.
09/2016 – 01/2017	<b>Federal University of Santa Catarina (UFSC)   Florianopolis, Brazil</b> Combined BSc. Thesis and internship on soil structure and organic carbon content under various tillage systems for onion cultivation in Santa Catarina, south Brazil. My main task was to analyse soil samples in the laboratory.

### Work experience

---

04/2023 - ongoing	<b>Field technician   Swedish University of Agricultural Science (SLU), Alnarp</b> As field technician at Lönnstorp research station I am involved with a variety of tasks related to managing field experiments.
-------------------	--

- 03/2021 – 05/2021 **Research assistant | University of Hohenheim**  
For a greenhouse experiment on salt stress and drought tolerance in rice, I assisted with the experimental set-up, plant care, sampling and lab analysis.
- 03/2018 – 06/2018 **Education assistant | Wageningen UR**  
03/2017 – 06/2017 Assisted with a B.Sc. course where students design land and water interventions for a river basin in Tanzania. Responsibilities included answering student's questions, managing the website, supervising group progress and assessing reports.
- 09/2015 – 10/2015 **Student assistant | Wageningen UR**  
Assisted during computer exercise classes of a statistics course.
- 2007 – 2020 **Farm work | Netherlands, Austria, France, Sweden**  
Worked and volunteered at several organic, biodynamic and conventional fruit orchards, vegetable gardens (horticulture) and dairy farms:
- 4 months woofing at an organic dairy farm in the French Pyrenees (2012)
  - 3 seasons harvesting berries (June – Aug. 2007 – 2009, NL)
  - 2 seasons harvesting apples (2011 NL & 2020 SE)
  - Volunteered at several vegetable gardens and orchards in NL and Austria (2015 – 2019)

## Extracurricular activities

---

- 09/2022 **Student Reporter | Tropentag, Prague**  
*Tropentag* is an annual three-day conference about research in the tropics. As a student reporter I reported on the conference using various social media channels. This introduced me to journalism, video making and editing. Furthermore I presented my thesis as a poster.
- 11/2017 – 01/2018 **Socrates Brainbox | Ministry of Agriculture, The Hague**  
Commissioned by the Dutch ministry of agriculture and organised by Socrates Honours Society, I was part of a think tank working on the question: «Could the Sustainable Development Goals act as a connecting agent for EU member states to come to a new Common Agricultural Policy?»
- 10/2015 – 01/2018 **Stichting Boerengroep (Peasant Foundation) | Wageningen UR**  
Chair: March – July 2017; Treasurer: July 2017 – January 2018  
*Boerengroep* is a critical student organisation aiming to connect Wageningen University with the reality and challenges of peasants and farmers through organising e.g. excursions, seminars, seed exchange markets and discussion evenings.
- 05/2017 – 08/2017 **Farm Experience Internship | Boerengroep & Wageningen UR**  
With a team of six students we organised a summer course on agroecology in practice. My responsibilities included logistics, finance and soil science.
- 11/2015 – 12/2015 **Park Lingezegen | Wageningen UR & Louis Bolk Instituut**  
With a team of ten students and in cooperation with three apple growers and gardeners, we designed three permaculture apple orchards in a landscape park in Nijmegen.
- 09/2014 – 07/2015 **Commissioner activities | Socrates Honours Society, Wageningen**  
Establishing Socrates Chapter Wageningen, part of Socrates Honours Society - a platform for excellent and ambitious students in the Netherlands.

## Skills

---

- Languages** Dutch (native), English (C1), German (B2), Swedish (A2)
- Software** MS Office (advanced user), SAS, SigmaPlot, ArcGIS, R
